

Andrianna Alexander, CSP, ARM, ARM-P, CAWC

Senior Loss Control Consultant

517-708-5946

Andrianna.Alexander@AccidentFund.com

Andrianna (Andi) joined the Accident Fund team in 2013 as a loss control consultant providing loss control services to policyholders in Texas.

Andi became interested in loss control while working on Accident Fund's Claims team, which led to her return to college to obtain a safety degree. Andi left Accident Fund to work on her degree and completed internships in the safety departments of global companies, such as Toyota Motor Engineering and Manufacturing, General Electric and Marathon Oil Company. She was then employed by a safety consulting company and a national multi-line insurance carrier before returning to Accident Fund in 2013.

Andi obtained a Bachelor of Science in safety technology from Rochester Institute of Technology in Rochester, N.Y. and has earned the Certified Safety Professional (CSP) and Certified Authority on Workers' Compensation (CAWC) designations. To increase knowledge in insurance operations, she obtained the Associate in Risk Management (ARM) and ARM in Public Entity (ARM-P) certifications, and is working toward a Master of Business Administration (MBA) in insurance at Olivet College in Olivet, Mich.
