Deb joined Accident Fund as a senior loss control consultant in 2018. She provides loss control services to clients in Southwest Michigan.

With more than 16 years of experience as a safety professional in general industry, Deb has worked with large chemical companies as well as mid-sized sheet metal and wood cabinetry manufacturing. She has more than 10 years of experience in loss control and has conducted surveys and assisted policyholders with up to \$500,000 in premium with loss prevention improvements and safety plans.

Other impressive career accomplishments include:

- Conducted corporate environmental health and safety auditing throughout North America.
- Developed numerous safety policies and training programs on various topics including ergonomics, isolation of energy and fall protection plans.
- Helped to achieve zero-injury performance for four chemical facilities throughout her seven-year duration of responsibility.
- Facilitated safety and ergonomic team meetings.
- Implemented a machine risk assessment program to ensure machine guarding was sufficient. Her team subsequently received an internal prestigious Technology Center Award.

Deb graduated from Grand Valley State University with a Bachelor of Science in occupational safety and health management. She holds the Certified Safety Professional (CSP) and Certified Authority in Workers' Compensation (CAWC) designations and is a member of the American Society of Safety Professionals (ASSP).
