

Mike Maziur

Loss Control Consultant

224-315-1578

Mike.Maziur@AccidentFund.com

Mike joined Accident Fund in 2020 as a loss control consultant serving policyholders in Indiana and Illinois.

Mike has more than 30 years of experience in environment, health and safety (EHS) management, facility leadership, metal casting, machining and assembly. He has worked in industrial and manufacturing engineering positions and held several manager roles, including the role of regional health, safety and environmental manager for the Bimba Manufacturing Division of IMI Precision Engineering. Mike is experienced in the development, implementation and management of EHS programs and risk management techniques using lean and continuous learning concepts.

Mike earned his Bachelor of Business Administration degree in industrial management from the Illinois Institute of Technology and MBA from Indiana University.
